

Ali AVANI

Full Stack Developer | DevOps Engineer

+ (98) 921 205 7606 @ ali.avani@outlook.com ali-avani.ir
Semnan, Iran github.com/ali-avani linkedin.com/in/ali-avani

Born in Semnan, Iran on November 23rd, 1999. I am a passionate and results-driven Fullstack Developer with a strong focus on back-end technologies. With a deep commitment to continuous learning, I specialize in leveraging cutting-edge tools and frameworks to optimize workflows and deliver high-quality, scalable solutions. My goal is to stay ahead of emerging trends and elevate project standards through innovation and technical excellence.

COMPETENCIES

Personal Skills	Innovation, Creativity, Problem Solving, Time Management, Team Leadership, Quick Learner
Programming Languages	Python, JavaScript (JS/ES), TypeScript, C/C++, Java, Go, GraphQL, Bash
Frameworks & Libraries	Django, Flask, Celery, Bootstrap, Semantic UI, Fomantic-UI, HTMX, Alpine.js, Node.js, React, React Vite, React Native, Next.js, Angular, Ionic, MUI, Ant Design, Express.js, Three.js, Spring Boot, WordPress
DBMS	Microsoft SQL Server, MongoDB, PostgreSQL, MySQL/MariaDB, Redis
Development Tools	Visual Studio Code, Git, GitLab, Docker, Nginx, Terraform
3D Modeling	Blender
Operating Systems	Ubuntu Server/Desktop, Arch Linux, Windows
Cloud Platforms	AWS, Google Cloud
Artificial Intelligence	PyTorch, OpenAI Services, Vertex AI, TensorFlow
Additional Skills	LaTeX, Embedded Systems/IoT, Software Architecture, ICDL, LPIC 1 & 2, CoCalc, Moodle, Big-BlueButton, DaVinci Resolve, Adobe Photoshop, Google Sheets, MikroTik, Machine Learning & Deep Learning, Godot, Piano

WORK EXPERIENCE

August 2024 Present	Technical Lead & Founding Team Member, CANADA PRIME JOBS (CPJ), Vancouver, Canada <ul style="list-style-type: none">Spearheaded the design and architecture of the software system using Django and GraphQL for seamless scalability and performance.Automated the Google Cloud CI/CD pipeline from scratch, streamlining deployment processes and ensuring efficient project delivery.Designed new pub/sub systems for better performance on Django, along with multi-container processes to optimize resource management.Led the UX/UI design process, providing strategic advice to enhance user experience and interface design for various web applications.Developed a notification system for managing campaigns, allowing efficient communication and tracking for marketing efforts.Worked on React and Vite projects, using Next UI and Apollo Client to improve front-end performance and data handling.Created a WordPress website to manage the academy, fully integrated with Django for a unified system.Deployed cloud infrastructure using Terraform, managing PostgreSQL, Django, Redis, load balancers, storage, and other necessary services in Google Cloud, following a fully cloud-native approach.Integrated AI-based processing using ChatGPT and Vertex AI to enhance various business processes and optimize decision-making. <div>Django GraphQL Google Cloud Terraform PostgreSQL Redis CI/CD React WordPress UI/UX Design</div>
June 2024	WordPress Developer, CORPGENIUS, San Francisco, United States <ul style="list-style-type: none">Developed landing pages for the CorpGenius application using WordPressBuilt custom dynamic theme with Elementor for enhanced user experienceOptimized website performance using LiteSpeed web server <div>Linux WordPress MySQL Elementor</div>
May 2024	WordPress Developer, ARAJ INSTITUTE, Tehran, Iran <ul style="list-style-type: none">Redesigned website theme to improve online course purchasing and certificate export functionality <div>Linux WordPress MySQL Elementor</div>

May 2024 July 2024	DevOps Engineer,  TASMIM ASSET MANAGEMENT, Tehran, Iran <ul style="list-style-type: none"> › Led the DevOps team to achieve key strategic goals and initiatives › Designed and optimized IT infrastructure for peak performance and reliability › Implemented automation scripts to streamline DevOps processes <div>LinuxMoodleGitLabMail</div>
February 2024	WordPress Developer,  AI ARK, San Francisco, United States <ul style="list-style-type: none"> › Developed landing pages for the AI Ark application with WordPress › Created dynamic themes using Elementor to improve site usability › Enhanced website performance with LiteSpeed web server technology <div>LinuxWordPressMySQLElementor</div>
August 2022 Present	Technical Lead, Web Developer & DevOps Engineer,  HUMMERS LEASING &  HUMMERS BROKER, Tehran, Iran <ul style="list-style-type: none"> › Led development of enterprise-level leasing management software with Django and Bootstrap › Optimized UI/UX for improved user experience and productivity › Streamlined DevOps processes with automation and optimized server infrastructure <div>LinuxDjangoBootstrapHTMXPostgreSQLRedisSeleniumCoCalcMoodleGitLabL^AT_EX</div>
July 2022	WordPress Developer,  AI BEES, San Francisco, United States <ul style="list-style-type: none"> › Developed landing pages for AI bees application with WordPress › Customized templates with Elementor for dynamic content presentation › Improved website performance using LiteSpeed web server <div>LinuxWordPressMySQLElementor</div>
May 2022 Present	Web Developer, Systems Analyst & DevOps,  TEXREADY, Tehran, Iran <ul style="list-style-type: none"> › Developed a web platform for compiling and editing L^AT_EX documents using Node.js, Go, Angular, and React › Provided system architecture analysis and detailed task descriptions as Systems Analyst <div>LinuxNode.jsGoReactAngularMongoDBGitLabL^AT_EX</div>
February 2022 Present	Technical Lead, Web Developer & DevOps,  CONNECT ISTI, Tehran, Iran <ul style="list-style-type: none"> › Spearheaded the development of web applications using Django, ensuring efficient backend architecture and performance optimization › Managed and optimized Linux-based server infrastructure, ensuring high availability, scalability, and security › Established continuous delivery pipelines and automated deployment workflows using GitLab CI/CD, streamlining the development lifecycle › Implemented robust data backup protocols to safeguard critical business data › Enhanced UI/UX by upgrading frontend technologies, improving user experience and performance › Optimized database queries and system performance, significantly reducing response times and improving overall system reliability <div>LinuxDjangoHTML5JavaScriptSemantic UIFomantic-UIPostgreSQLRedisGitLabGitLab CI/CD</div>
February 2022 Present	Technical Lead & Web Developer,  EINSTEINO, Berlin, Germany <ul style="list-style-type: none"> › Developed an AI assistant project to streamline clinic appointment scheduling › Created backend API using Spring Boot and frontend with Next.js › Focused on intuitive UI/UX design to enhance patient experience <div>LinuxJavaSpring BootPostgreSQLMySQLNext.jsMUIAnt DesignGitLabGitLab CI/CD</div>
February 2022	Front-end Developer, RASA Co., Semnan, Iran <ul style="list-style-type: none"> › Developed the company's main website with interactive 3D animation using React and Three.js › Focused on UI/UX design for seamless user interaction › Created 3D models using Blender for website integration <div>LinuxReactThree.jsGitBlender</div>

December 2021	WordPress Developer, SEMNANRS, Semnan, Iran <ul style="list-style-type: none"> Created WordPress website for online courses and presentation using BigBlueButton <div>Linux WordPress MySQL BigBlueButton</div>
July 2021	Technical Lead & Web Developer, RAWBOOM, Semnan, Iran <ul style="list-style-type: none"> Founded and led a startup, overseeing development from inception to completion Designed and developed a web application for creating and editing slides and images Implemented Django backend, PostgreSQL database, JWT authentication, and Docker deployment Developed UI/UX with React and Ionic <div>Linux Docker React Ionic Python Django PostgreSQL Redis GitLab GitLab CI/CD</div>
May 2021	Front-end & Embedded Developer, SMART THERMOSTAT, Semnan, Iran <ul style="list-style-type: none"> Collaborated on board design and development for embedded systems (ESP32) Developed cross-platform mobile apps using React Native Focused on intuitive UI/UX for smart thermostat applications <div>ESP32 C React Native MongoDB</div>
October 2020	WordPress Developer, ARAJGROUP, Tehran, Iran <ul style="list-style-type: none"> Developed WordPress website for online course purchases and certificate exports <div>WordPress MySQL</div>
January 2020	Technical Lead & Web Developer, SDMS, Semnan, Iran <ul style="list-style-type: none"> Led the design and development of a web application for managing big data and generating dynamic reports Developed Django backend, PostgreSQL database, JWT authentication, and Docker deployment Built UI/UX using React and managed IT infrastructure <div>Linux Docker React MUI Python Django PostgreSQL Redis GitLab GitLab CI/CD</div>
September 2019	Technical Lead & Web Developer, DITO, Semnan, Iran <ul style="list-style-type: none"> Founded and managed a startup, overseeing its full lifecycle Developed an online course management platform with Django and React Implemented JWT authentication, Docker deployment, and CI/CD pipeline <div>Linux Docker React MUI Python Django PostgreSQL Redis GitLab GitLab CI/CD</div>
September 2019	Technical Lead & Web Developer, RACK MANAGEMENT SYSTEM, Semnan, Iran <ul style="list-style-type: none"> Developed web application for managing racks within data centers using Node.js and Socket.IO Designed and implemented application UI Developed key functionalities for embedded devices in C <div>Linux Docker Mikrotik Node.js Socket.IO Semantic UI C MongoDB Redis</div>
May 2018	WordPress Developer, KAZMAA, Semnan, Iran <ul style="list-style-type: none"> Designed and developed WordPress website for online course purchases Created custom plugins and video encryption for password-protected content <div>WordPress PHP Bootstrap</div>
June 2017 September 2017	IT Technician, PAYA SYSTEM, Semnan, Iran <ul style="list-style-type: none"> Managed and maintained networking and cabling infrastructure Provided technical support for network devices <div>Mikrotik</div>
June 2016 September 2016	Technical Support, SHEED SOFT, Semnan, Iran <ul style="list-style-type: none"> Provided customer service and technical support for software solutions <div>Support</div>

2024	Django Flex PubSub,  PyPI <ul style="list-style-type: none"> ➤ Engineered a flexible pub/sub system for managing subscriptions, tasks, and schedulers, integrated with Django via management commands ➤ Enabled scalable execution of tasks and subscriptions across individual or shared containers, optimizing resource allocation ➤ Delivered robust, high-performance pub/sub architecture that supported complex, real-time data workflows in large-scale systems <div> Python Django Pub/Sub Google Cloud Platform (GCP) </div>
2024	Django Flex Observer,  PyPI <ul style="list-style-type: none"> ➤ Developed a powerful observer pattern based on Django signals for real-time event-driven architectures ➤ Allowed efficient monitoring and automatic reaction to changes in model fields, boosting system responsiveness ➤ Optimized for scalability, ensuring smooth real-time event handling in large, distributed Django applications <div> Python Django Event-driven Architecture </div>
2024	Django Flex Blob,  PyPI <ul style="list-style-type: none"> ➤ Designed a secure media file management system with object-based permissions for granular access control ➤ Streamed media files seamlessly from various storage backends, including Google Cloud Storage and Django's built-in media management ➤ Integrated with GraphQL, offering efficient querying and management of media files, enhancing data access and retrieval ➤ Optimized for performance, enabling smooth handling of large media files with minimal latency <div> Python Django GraphQL Google Cloud Storage </div>
2023	Cocalc Python,  PyPI <ul style="list-style-type: none"> ➤ Led development of high-performance solutions for scalable PDF generation in Django projects using CoCalc APIs and LaTeX templates ➤ Enabled dynamic PDF creation that integrated smoothly with any Django project, enhancing user workflows ➤ Demonstrated reliability through widespread implementation in enterprise-level projects, driving efficiency and cost savings <div> Python Django LaTeX CoCalc </div>
2022	Django Flex Report,  PyPI <ul style="list-style-type: none"> ➤ Automated report generation from diverse data sources, allowing rapid and flexible report creation ➤ Implemented an adaptable architecture for customizable output formats and destinations, enabling easy integration with any Django project ➤ Deployed successfully across numerous enterprise projects, proving its scalability, reliability, and impact <div> Python Django django-waffle django-filter </div>

September 2018 Present	Semnan University, SEMNAN, IRAN <ul style="list-style-type: none"> ➤ Bachelor of Computer Engineering
March 2013 March 2018	Shokouh-E-Danesh Language Institute, SEMNAN, IRAN <ul style="list-style-type: none"> ➤ Achieved proficiency levels from A0 to C1 ➤ English Teaching Degree

AWARDS
