## About Me:

A highly skilled software engineer with expertise in backend development, programming, and LabVIEW, I am committed to delivering innovative and efficient solutions. With a strong foundation in computer science principles and a passion for continuous learning, I excel in developing robust applications and contributing to team success. My experience also includes working with diverse teams, providing me with a strong ability to navigate multicultural environments. I am dedicated to helping companies achieve their objectives by providing practical and impactful solutions.

## Certifications:

• 2009 IELTS (9.0)

## Additional Sections:

- Languages: French, Chinese Simplified, Chinese Traditional, Urdu
- Skills: Backend, Django, Programming, Labview
